ELBA ALABAMA 36323 THURSDAY APRIL 27, 1972

2 SECTIONS 22 PAGES

NUMBER 7

For those people who are in doubt about rattlesnakes being around, here's proof to contradict that belief. Ellis Willis killed this one about five miles east of New Brockton Wednesday, April 18. According to Weeks, the snake had fifteen rattles.

Jones Named V P By Insurance Firm

E. H. Jones of Elba was elected to the office of Vice-President of the National Security Insurance Company by the Board of Directors at the Company's annual meeting in Elba on April 20, 1972. Mr. Jones has served as controller since joining the Company in 1957.

Dr. E. T. Brunson of Samson retired as Chairman of the Board after having served in this position for seven years. He will continue to serve as a member of the Board and was elected to the honorary position of Chairman Emeritus.

Dr. J. E. Pittman of Enterprise was elected Chairman of the Board. Following the meeting Dr. Pittman announced a 10% stock dividend would be payable to stockholders of record as of July 31st.

W. L. Brunson, President, reported to the stockholders at the meeting that the Company in 1957.

Reverend Lanny Shepard, pastor of Victoria Baptist Church, has announced that Homecoming services will be held at Victoria Baptist Church May 7th.

Sunday School begins at 10:00 a.m. and Worship Service immediately follow at 11:00 a.m. Reverend Travette Weeks will be the guest speaker. Special music will also be provided.

Following dinner, which will be served at the church, the Davis Quartet will sing.

Reverend Shepard has issued a cordial welcome to the public to attend this meeting.

Dorsey Reports More Sales First Quarter

The Dorsey Corporation (NYSE), Chattanooga, Tennessee, a leading manufacturer of glass and plastic containers and cargo trailers, reported substantially increased sales and earnings for the first quarter of 1972. In the three months ended March 31, 1972, sales rose to \$27,105,000 from \$19,702,000 in the first quarter last year. Net earnings were \$1,073,000 or 5.35 per share on a fully diluted basis, compared with \$843,000 or 5.29 per share in 1971.

In making the announcement, Herbert L. Oakes, president of Dorsey, commented that, "The sales of all three of our divisions increased substantially. Earnings of our cargo trailer division posted a large gain over the depressed level of a year ago. Our plastic container division continues to show earnings increases, while the profits of our glass container division were down somewhat. Figures for the latter period include an investment tax credit equivalent to 5.03 per share, being around, here's proof to contradict that belief.

The Dorsey Corporation is a leading manufacturer of glass bottles, plastic containers and cargo trailers. Dorsey's operating subsidiaries are Chattanooga Glass Company, a major manufacturer of glass containers for the beverage, food and pharmaceutical industries; Dorsey Trailers, a leading manufacturer of cargo trailers, and Dorsey, Inc., a producer of blow-mold and other plastic containers, principally for dairy and other food products.

Comparative figures are as follows: Not sales 1972 - \$27,105,000 1971 - \$19,702,000 Cost and Expenses 1972 - \$25,032,000 1971 - \$17,960,000 Earnings per common share and common share equivalent 1972 - \$5.35 1971 - \$5.29

Earnings Per common share assuming Full Dilution 1972 - \$3.58 1971 - \$3.29 *1971 figures have been restated to reflect a pooling-of-interest.

There will be no charge for this service to the community. The nursery is being coordinated by the Commission of Christian Social Concerns of the Church. It is the hope of the Commission that this service will enable the women of the community to exercise one of our basic rights as citizens. Please bring children to the Educational Building at the corner of Putnam and Claxton.

Akins Heads Tipler Forces

J. Harvey Tipler has selected Coach Leon Akins to head up his campaign for alternate delegate to the national Democratic convention.

Tipler, a pre-law student, making his first venture into politics, played football and baseball under Coach Akins while he was a coach in Andalusia.

Akins told this newspaper that he was more than glad to work for Tipler because he is an outstanding young man.

Democratic Congressional candidate Ben Reeves of Eufaula is shown on a recent visit to Elba. He is shown with his wife and some of his campaign workers in front of the colorful motor home being used to transport the group. Between Mr. and Mrs. Reeves is Circuit Judge Eris Paul catching the political talk and promises from candidate Reeves and information about mutual friends from Mrs. Reeves.

Stewart Tells Off Water Cut In Town

Donald Stewart, Superintendent of Light and Water Department, announced recently that the water system will be cut off for short periods of time within the next two months. New cut-off valves are being installed around town.

Stewart asks that you please bear with him and his force during the short inconvenience as the new valves will result in a better all-around water system.

Church To Sponsor Nursery

The Elba United Methodist Church will sponsor nursery and child care for mothers with young children who wish to vote on May 2nd. Nursery facilities will be open twice on May 2nd. Children may be left between the hours of 9:30 and 11:30 A.M. or 3:30 and 5:30 P.M. There will be no charge for this service to the community. The nursery is being coordinated by the Commission of Christian Social Concerns of the Church. It is the hope of the Commission that this service will enable the women of the community to exercise one of our basic rights as citizens. Please bring children to the Educational Building at the corner of Putnam and Claxton.

Richard Jacobs Now Selling Chevrolets

Richard Jacobs has accepted a job as salesman with Cook Chevrolet. He is already on the job with the automobile firm. Owner Drexel Cook stated Monday, "We have been trying for some time to get Jacobs to connect with us and are pleased that he has done so. It is another step in our continuing effort to better serve our customers."

NEW PLANT ANNOUNCED AT ENTERPRISE

A \$2 million manufacturing plant with highly advanced tooling and manufacturing process is under construction by the Gar Wood Division of Sargent Industries in Enterprise. It was announced last week from the State Capitol in Montgomery.

Gov. George C. Wallace, Alabama Development Office Director R. C. "Red" Hamberg, Mayor M. N. "Jug" Brown of Enterprise, and Sargent President Dan W. Burns, announced jointly that the 145,000 sq. ft. facility will house an investment in excess of \$1 million in the new assembly tooling alone.

Also participating in the announcement were Horace Smith, Chairman of the Enterprise Industrial Development Board, and Carl Griffin, executive secretary of the Enterprise Chamber of Commerce.

Representing Sargent Industries at the announcement was Bruce Wilsey, corporate director of operations, who stated that his firm was highly pleased with the Enterprise location and the warm reception given officials here.

The plant will be the manufacturing center for the Gar Wood line of load packers refuse vehicles. This includes one of the most widely used refuse vehicles in the solid waste handling industry -- the Gar Wood 700 -- and the new innovative 900 Load Packer series scheduled for production later this year. The Enterprise plant will also manufacture the Gar Wood line of Fax All Stationary compactors and Frate Gates as well as truck mounted dump bodies and containers.

This new plant will employ a substantial number of people coupled with a major subcontract program in neighboring cities. Burns emphasized that capacity is being provided by Gar Wood, Sargent's largest division, to include additional new products during the coming year.

A dramatic new line of precision engineered stationary refuse compactors and a new front loading refuse packer which incorporates the many engineering and manufacturing advances achieved with the 900 Series Load Packer, Burns said that Richard Plasky of Gar Wood Division headquarters in Wayne, Mich., has been appointed plant manager of the new Enterprise facility. Edward Lannan has been named to the post of superintendent.

Gar Wood's administrative headquarters engineering center service part warehouse and a body mounting station are located in Wayne (Detroit) Mich. Another facility in Exeter, Penn. manufactures dump bodies, hydraulic lifts, and solid refuse containers.

Gar Wood is a prominent manufacturer of solid waste handling and truck equipment including dump bodies, hydraulic lifts, and solid refuse containers, and both stationary and mobile refuse compacting equipment. Its products will be marketed through a network of distributors in the United States, Canada, and around the world. Sargent Industries, Gar Wood's parent company, is headquartered in Los Angeles, Calif.

It is a leading designer and manufacturer of highly engineered proprietary energy control devices used in applications requiring extreme reliability. Mayor Brown said that Sargent's decision to expand its operations in Enterprise is one in which the community takes deep and genuine pride.

"Sargent has made a significant contribution to our community, and we welcome and applaud the greater role they will play in the years to come," the Mayor said. "One of the factors that influenced Sargent to bring

this significant new industry to Alabama was the availability of State site preparation funds and the State Industrial Training Program. We are deeply appreciative to the Alabama Development Office for assistance in obtaining the site funds and to the Vocational Division of the State Department of Education for the promise of training assistance."

"On behalf of Governor Wallace I want to welcome Mr. Wilsey and Sargent Industries to Alabama," stated Hamberg. "We rejoice at the good fortune of the people of Enterprise and appreciate your contributions to the economy of Enterprise as well as the entire state. We hope that our associations will be long and mutually profitable. If we in State Personnel can be of any further service to you, please contact us."

Rescue Squad Active During Past Week

The Elba Rescue Squad answered 6 calls last week. This involved thirteen man hours and a total of 164 miles traveling. The Rescue Squad is a volunteer organization with all members serving without financial compensation.

Election Board To Be Posted On Square Here

The traditional Election Results Board will again be in operation in Elba next Tuesday evening. This involved thirteen man hours and a total of 164 miles traveling. The Rescue Squad is a volunteer organization with all members serving without financial compensation.

George Collier Named Veep By TMA

Mr. George Collier, President, Dorsey Trailers, Elba, Ala., was elected First Vice-President of the Truck Manufacturers Association, at the groups 31st Annual Convention held at the Doral Country Club, Miami, Florida. The organization, with headquarters in Washington, D.C., represents truck trailer, tank trailer, and cargo containers builders. Additionally, over 100 major material and component suppliers to the industry are associate members. Its membership includes manufacturers in South America, Canada, South Africa, and the Netherlands.

WENDALL MITCHELL, Democratic candidate for Congress for this district is shown on a recent visit to Elba. He is shown with his wife and some of his campaign workers in front of the colorful motor home being used to transport the group. Between Mr. and Mrs. Mitchell is Elba businessman Basil Whitman. Mitchell was in Elba again on Wednesday of this week shaking hands with Dorsey employees at 6:30 A.M.

Democratic Congressional candidate Ben Reeves of Eufaula is shown on a recent visit to Elba. He is shown with his wife and some of his campaign workers in front of the colorful motor home being used to transport the group. Between Mr. and Mrs. Reeves is Circuit Judge Eris Paul catching the political talk and promises from candidate Reeves and information about mutual friends from Mrs. Reeves.

POOR ORIGINAL

EHS REPORT

1972 ELBALAS

Last Monday, April 17, Annals were given out. Students at Elba High School are very proud of them.

TIMES OF THE ELBALA STAFF

FROM THE BEGINNING TO THE END

All right you group, the deadlines are on the calendar. Rough drafts are Wednesday, and final copy is due Friday, OK guys? Hey, Mrs. McCollough, where did everybody go?

"David went down to see Joni, Cecelia went to check out, Joe went downtown to get something to eat, Owen, dollyn and Theresa went to the home ec building."

"Hey where do you think you're going, Mrs. McCollough?"

"Well, Ricky, I think I'll go to the lounge, have a coke and take a nap."

"Good grief! There's nobody on the Elbala staff around. I might as well put up assignment sheets. Sure hope somebody on the staff knows how to read. Good here's Mike, Hey Mike, do you have all the pictures taken?"

"What pictures?"

"The pictures you were

to take with the poroloid?"

"What poroloid?"

"The Poroloid I gave you money to buy film for!"

"Oh yeah, I meant to tell you, I bought a yo-yo with that money."

"Good grief! Hay Lyn, can I have the names for all the seventh graders?"

"Sorry Ricky, I've got to pick up cans for being late to homeroom."

"Hey Judy, did you finish the typing today?"

"Sorry Ricky, I have been trying to catch up on my practice set for bookkeeping."

"On Carolyn and Cynthia, can I have your layouts?"

"What Layout?"

"Never mind! Warren, would you go get Mrs. McCollough?"

"Sure thing pal."

And so friends as our Elbala staff struggled on, the ELBALA came out before graduation... like it or not!

WHAT IF . . .

Madam Padgett liked her 5th period class.

Mark Johnson went steady with ONE girl.

Phil had got the point.

Ann Boutwell was late to homeroom.

Lee was 5'8".

Dufus didn't ever say "nothing".

DID YOU KNOW

there is only 5 more weeks of school.

Tommy Parrish has a secret admirer.

Freddy Hanchey got a crewcut.

Musso is going to Canada.

Sullivan is going to play as a Falcon.

Senior Of The Week

We at Elba High School would like to congratulate Mickey Moore as our Senior of the Week. He is the son of Mr. and Mrs. Clyde Moore. His main interest is sports and his favorite hobby is hunting and fishing. Mickey's plans after graduation are to attend Troy State University. His opinion of school is, "It is a great school but not enough privileges. He would like to see it cleaned up and stay that way. Mickey's pet peeve is being falsely led on. He is taking Democracy, Mythology, Mechanical Drawing, General Math, Study Hall, and P. E. Mickey is a member of the Basin Baptist church. Again we at EHS congratulate Mickey Moore.

Elba FHA's Attend State Convention

Representatives from the Elba High Chapter, F. H. A., attended the state convention in Montevallo, Ala. The convention was held on Saturday, April 8, 1972, in Palmer Auditorium, University of Montevallo.

Those attending were Mrs. Mary Young, Mrs. Mary Ann Richburg, Debbie Padgett, Angie Besole, Beverly Cox, Judy Lee, Deborah Boutwell, and Elba's candidate for District VII, Vice President of Recreation, Billy Scott. The convention was well planned and enjoyable. This year's theme "Exploring Roles in Serving Human Needs" challenges each Future Homemaker to serve Human Needs and Put on a Happy Face.

Although Billy was not elected she and the Elba Chapter received letters from the District Advisor, Mrs. Carolyn Brown, commending her on her fine presentation of the Elba Chapter.

Multi-National Restrictions Called Harmful to Labor

The American worker would be the most certain victim of pending legislation which could bind the overseas operations of U.S. industry in a lethal strait jacket, the chairman of the National Association of Manufacturers said.

Speaking at the luncheon of the Executive Club of Chicago, M. P. Venema said the proposed measure, commonly known as the Burke-Hartke bill, could cost the jobs of thousands of employees and could lead the way to a disastrous world-wide depression.

Calls Bill Horrendous

Mr. Venema, who is chairman of Universal Oil Products Co., Des Plaines, Ill., characterized the bill as "an horrendous piece of legislation which would establish yet another super-government agency to tell industry how much it may invest overseas—as well as where and when."

"It would provide a completely regulated import quota system which could only result in swift counter-measures from nations around the world," he said. "And this would set off a trade war no one could win—a war in which American workers would be the swiftest, most certain victims. In short, it could mean a disastrous world-wide depression."

Labor Leaders Criticized

The NAM chairman strongly criticized organized labor leaders for supporting this legislation which he said would do irreparable harm to the union members whose interests they are supposed to represent. Mr. Venema said that union leaders have already plowed more than \$2.5 million into "a soap-opera public appeal for support."

"Labor's emotional attack on the multinational corporations is diverting public attention from the central issue at stake—America's decline in productivity," he said. "The simple fact is that the United States ranks last in productivity gains in the list of 20 major industrial nations. Coupled with this, union leaders continue to extract huge wage settlements, far in excess of gains in productivity."

"This is an untenable situation. High wages are one of the great blessings of American life, but we simply must face up to the fact that with these wages come the need and responsibility to produce more efficiently, else we shall soon price ourselves out of foreign — and domestic — markets for our goods and services," he concluded.

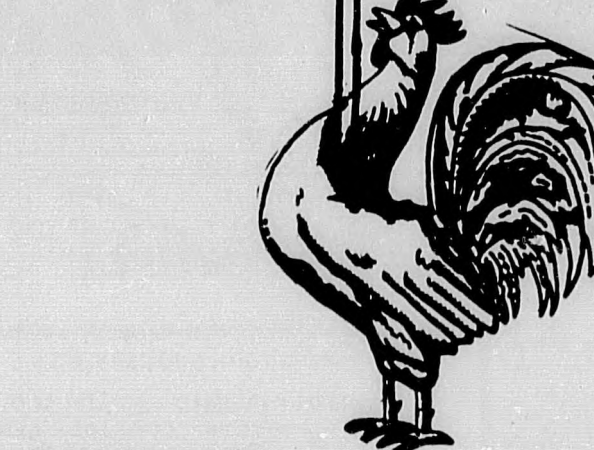

The estimated loss from U.S. highway accidents reached an all-time high of \$16.8 billion in 1971, according to the Insurance Information Institute.

TEACHER SISTERS COUNT 210 YEARS

School Crisis' Old Story

On Saturday, April 15,

when the Psi Chapter of Delta Gamma Kappa met in the country this was the first time we ever helped with hog killing. We never had time before."

As the story is told of their careers, five sisters whose father struggled to keep their elementary school open years ago are now South Alabama teachers or retired teachers with a combined record of 210 years.

Daughters of the late Mr. and Mrs. R. E. Lee of the Lee Community near Elba, they say their record is the result of the efforts and inspiration of their parents.

Fighting marked indifference to education, and with no truant officer to keep children in school, Mr. Lee went about the neighborhood soliciting pupils.

With much effort he enrolled enough students to obtain funds for the school. Thus his six daughters and five sons received their elementary education.

To May, Jean, Jessie, Mary and Dixie Lee, the present educational financial crisis is an old story.

May (Mrs. T. B. Bryan) said schools always have problems. "I've found the same problem for 45 years — MONEY."

The other sisters echo this statement. They recall being paid with warrants, which the stores discounted.

One sister told of how a group of teachers lived in the parsonage of a church which was without a preacher, on rations furnished by the patrons of the school.

They also recall the National Ecology Drive.

Approximately 10 million Boy Scouts and Girl Scouts are joining in a combined ecology drive on Saturday, April 29, Keep America Beautiful Day.

This youth demonstration is a massive cleanup along streams and highways, in parks and other public places, in order to focus attention on the need to alleviate the solid waste disposal crisis and to reduce the drain on natural resources.

Mary Lee Warren (Mrs. Olin) studied at Troy, Montevallo and Auburn. With a BS degree in elementary education, she taught in Alabama schools from 1926 to 1942, and in 1950 resumed her career in Enterprise. She was retired in 1970 and since this time she has been very active in the Methodist Guild and DAR. She is also a Delta Kappa Gamma member.

Dixie Lee Deal was graduated from high school in 1926, and after a summer at Troy State began her career in a one-teacher school, first through the seventh.

Like Jean and May, Mrs. Deal spent her summer in school until she received her bachelor's degree. She now teaches in Elba. She is a charter member of the ADK Delta Kappa Gamma and is an active Methodist member.

Jessie Lee Windham began teaching in 1928 in Coffee County. She now teaches in Elba and has taught every elementary grade. Mrs. Windham holds a BS degree from Troy State and a masters from Auburn University. She is also a Delta Kappa Gamma member.

These five ladies have added much to the education in Alabama. They have taught in rural county schools, and with the Elba, Enterprise, Kinston, and New Brackton school systems. Thus accruing a total of 210 years educational services.

Senator Sparkman keeps finding new and better ways to solve today's biggest problems. And he has the seniority to put his solutions into action!

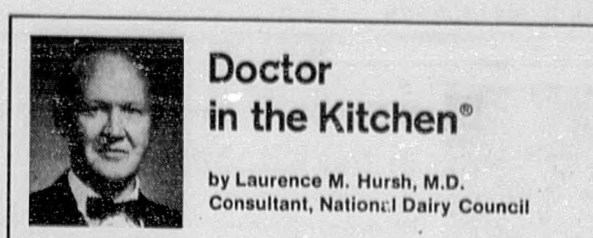

Whoever you are . . . Wherever you live . . . You're benefiting from Sparkman legislation and programs.

SENATOR SPARKMAN...BEST FOR ALABAMA.

Doctor in the Kitchen

by Laurence M. Hursh, M.D., Consultant, National Dairy Council

FOOD FROM VENDING MACHINES

One of today's phenomena is the vending machine. It's estimated that nationwide there are over 5 million such machines in use. They are "silent salesmen" ready day or night to sell their products to you.

How popular are vending machines? It's said that people all over this nation drop nearly 200 million coins into vending machines every 24 hours. That's about 139,000 coins a minute, or 2,300 every second.

Machines Influence How We Eat

It's obvious to us all that vending machines have become increasingly involved in what the nation eats — and how it eats. What this means is the vendor has a responsibility to offer a balance of foods. And the consumer has a responsibility to choose wisely what he eats. There's no question that both the consumer and the vendor have a long way to go. But improvement is constant. You can, for example, meet the requirements of balanced four-food group eating quite easily.

Take lunch at work. If you choose, say, a meat or cheese sandwich, a carton of milk, a banana, a carton of fruit juice, a carton of soup and milk, you've done it. You've chosen from the meat or so-called protein group, the milk group, fruits and vegetables, and breads and cereals. Incidentally, as ice cream and pies, fruits, nuts, sweet rolls, popcorn — you choose indicate milk's popularity.

Annual statistics say that more than 84,000 vending machines are in operation just dispensing the vending machine. It's estimated that nationwide there are over 5 million such machines in use. They are "silent salesmen" ready day or night to sell their products to you.

But vending machines, I have discovered, are not all that new. As early as 215 B.C., worshippers in temples could get holy water by dropping in five drachmas (a drachma today is worth about 74 cents). In 1615, coin-operated tobacco boxes appeared in English pubs. After a coin was inserted, the lid opened and the patron helped himself to a pipeful of tobacco. The real beginning of vending machines in this country was in 1868 when Thomas Adams installed tuff-tuff gum machines on the platforms of New York City's elevated trains. This prompted the vending of candy, nuts, and other items.

Refrigeration The Key

The perfection of refrigeration in the 1890's opened up new markets for milk, ice cream and soft drinks. Dispensing of hot food that is appetizing and nutritious soon followed. The list of foods now available from vending machines is long indeed. It includes hot and cold sandwiches, salads, soups, hot and cold drinks, including milk, deserts such as ice cream and pies, fruits, nuts, sweet rolls, popcorn — you name it.

But remember, it's up to you to make sensible selections.

joint project of Georgia-Pacific Corp., mill in Toledo, Ore., and Radiation Development Ltd. of Vancouver, B.C. The treatment, comparable to the process used for the preservation of food, appears to alter the molecular structure of the wood with a noticeable increase in the yield of pulp from the raw chips, a reduction of lignin loss, reduction in the use of chemicals, and faster pulping.

New Chip Preserver

A new electronic "gun" pasteurizes wood chips and prevents deterioration in storage, which costs the lumber industry \$200 million annually.

The unusual electron chip treatment, described as "resembling the operation of an out-sized television tube" is a

Consultant, National Dairy Council

NUTRITION A LA CARTE

Do you know what the four food groups are? They are the milk group, the meat group, vegetables and fruits, and enriched or whole grain breads and cereals. Include these in your daily meals. In the recommended amounts, and you and your family will enjoy good nutrition. Remember—the four food groups, daily.

A recent study shows that average calcium consumption for girls and women, ages 9 through 64, is at least 20 percent less than is recommended and ranges as high as 30 percent, especially for women after 35. This doesn't mean all women are that low in calcium, but it does mean some women get even less. Are you a calcium deficient? Drink milk.

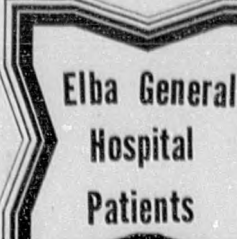

Regular outdoor exercise is good for you. Remember too that proper rest and relaxation are a must. Another essential part of the fitness is nourishing food. Enjoy the basics of a balanced diet every day. Plan your meals around a wide variety of foods. Too many people diet, then gain the diet again, and then gain with almost inevitable regularity. Some doctors refer to this as the "yo-yo syndrome" because the weight goes up, then down. It is hard on your metabolism, and probably damaging to your body.

See your doctor, get on a sound program of weight control if you need to, and restrain your eating habits.

We all need protein every day to build and repair our body tissue. It also helps to make blood and to fight infection. Good protein foods include meat, fish, poultry, eggs, milk and milk products (especially cheese), dried beans and peas, peanut butter, nuts, breads and cereals.

A fourth meal each day is rapidly becoming an important part of meal planning. Children often can't get enough calories from three meals. Nutritious snacks are the answer. An excellent snack that helps meet a young person's need for calcium, protein, and vitamin A is a milk shake. One cup of milk, one fourth cup of ice cream, and flavoring is the basic recipe.

When you get home from the supermarket, do you immediately put your food away where it will keep cool? Food processors and retailers work hard to keep food in the best possible condition. You should, too. Wash your vegetables, then refrigerate them along with fruits, meats, poultry, and fish. Keep milk cool, covered, and out of sunlight.

The following persons were admitted to the Elba General Hospital during the period of April 11 through 25.

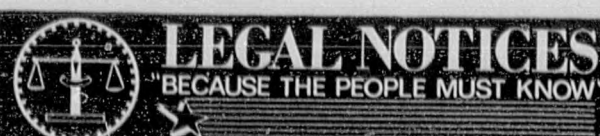

Rosaline Sasser, Jenel Bedford, Ursula Sanders, Murtie Lee Tyson, Ruby Layton, Sheldon Terry, Randy Miller, Marion L. Brooks, Joe Edd Smart, Mary E. Wambles, Georgia Vaughan, Mark Henderson, Rhonda Johnson, Sam E. Sawyer, R. D. Dyess, Bessie Suter, John C. Mullins, Donnie Rushing, Hazel Gibbs, Laura Mullins, Linda Howard, Grover Kelley, Gladys Barefoot, Mary Killingsworth, Willie Dean Cain, Betty Reeves, Mary Starks,

Jean Moore, Clyde Goodson, Rita Wiles.

Those discharged during the same period of time are as follows: Jewel Bedford, Ursula Sanders, Randy Miller, Marion L. Brooks, Mark Henderson, Rhonda Johnson, Sam E. Sawyer, Bessie Suter, Linda Howard, Grover Kelley, Rosaline Sasser, Georgia Vaughan, Murtie Lee Tyson, Paul Lunsford, J. C. Marlow, William Hooks, J. C. Bano, Ruby Layton, Mary Bradley, Warren White, L. L. Dyess, Lucille Griffiths, Leonard T. COTTON BLOSSOMS—White cotton blossoms brilliantly printed in a swirling pattern on orange and white. The dress is made of cotton. The dress is made of cotton. The dress is made of cotton.

LEGAL NOTICES

"BECAUSE THE PEOPLE MUST KNOW"

(Editor's Note: Legal advertising plays a unique role both in American history and in the procedure by which this country's democracy is preserved. Its one premise is that people must be informed if they are to govern themselves competently. Legal advertising first came into being with the Congress of 1792. That body, recognizing its responsibility to the people, required the Postmaster General to advertise for bids for the construction of new post offices. From that inauspicious beginning to the complex publication requirements in federal, state and local laws today, government officials have come more and more to understand their obligations to inform the public through legal advertising. Newspapers over the years have been the vehicle by which these obligations have been fulfilled. They will continue to be as long as the public demands that it be informed frequently and by the best means possible.)

NOTICE OF MORTGAGE FORECLOSURE SALE

Default having been made in the payment of the indebtedness secured by certain mortgage executed by JAMES WILLIAM MARTIN and wife, LAMAR MARTIN, to Real Estate Financing, Inc., dated December 4, 1970, and recorded in the Probate Records of Coffee County, Elba Division, Alabama, in Mortgage Book 50-A at page 315, and assigned by Real Estate Financing, Inc., to Lincoln Federal Savings and Loan Association, a corporation, by assignment dated December 31, 1970 and recorded in Miscellaneous Book 20 at page 161, Jackson W. Stokes, as Attorney and Assignee, is hereby given that said assignee of said mortgage will on Monday, May 8, 1972, at the Northeast Door of the Courthouse, in Elba, Coffee County, Alabama, during the legal hours of sale, offer for sale and sell by public auction to the highest bidder for cash the following described real estate conveyed in said mortgage, to-wit:

A lot or parcel of land in or of Coffee County, Alabama, and being more particularly described as follows: Beginning at the intersection of the West line of the SE 1/4 of the SW 1/4 of Section 15, T8N, R21E with the centerline of the Seaboard Coastline Railroad and thence S1 degree - 30' W (Magnetic) 50 feet to the starting point on the south side of said railroad; thence continuing S1 degree - 30' W, 200 feet; thence S80 degree - 10' E, 105 feet; thence N1 degree - 30' E, 200 feet to the south side of said railroad; thence N85 degree - 10' W, 105 feet to the starting point. Said lot being in the SE 1/4 of the SW 1/4 of Section 15, T8N, R21E and containing 0.482 acres, more or less.

ALSO: Wall to wall carpet in the living room, hall and all four bedrooms.

Said foreclosure sale will be made under the terms contained in said mortgage and in accordance with said mortgage.

cribed real property, to-wit: Lot No. 4 Block "A", of Kennedy Estates, a subdivision in the City of Elba, Alabama, according to the plat of said subdivision recorded in Plat Book 1, page 80, in the Probate Office at Elba, Alabama. Together with the dwelling and other improvements thereon.

Said sale is made for the purpose of paying the mortgage debt, costs and expenses of foreclosure, Federal National Mortgage Association, by Jackson W. Stokes, its Attorney and Auctioneer 3/20/72c.

The State of Alabama, Coffee County, Elba Division. In the Circuit Court in Equity David Daniels complainant vs. Dolly May Daniels defendant.

To Dolly May Daniels: Notice is hereby given that Plaintiff has filed a Bill of Complaint against you in this court, and you are required to appear and plead to answer the same by the 8th day of May 1972, or in thirty days thereafter a decree pro confesso may be rendered against you.

This the 3rd day of April 1972, Gladys Clark, Registrar. 4-6-47c.

Brunson Proclaims "Correct Posture Month"

Looking on with Mayor Brunson are local coaches, Griffin and Carmichael and Dr. M. V. Mims.

May has been designated as Correct Posture Month. In signing an official proclamation, Mayor Brunson joined with members of the American Chiropractic Association and the nation's doctors of Chiropractic in observing the event.

The proclamation points to correct posture and spinal integrity as a key element in attaining and maintaining health. It stresses posture's role in child growth and development, and underlines its effect on physical and mental accomplishment. The proclamation also directs public attention to the benefit of good posture and the need of periodic spinal examinations.

In issuing the resolution, Mayor also commended doctors of Chiropractic for their dedication and efforts in public's behalf. He especially commended them for undertaking a public education program which brings attention to the values of spinal health care.

Kinston Ruritans
Plan Political Rally
On Saturday

The Kinston Ruritan Club will sponsor a barbeque and political rally at the Kinston High School Lunch Room beginning at 5:00 P. M., Saturday, April 29, 1972. All candidates for public office in Coffee County have been invited to attend. The public is invited to attend and have a barbeque plate with the Ruritan Club. A very interesting program has been planned. Singing and other activities are planned. No admission except for the plates.

"NO GRAZING" PERIOD BEGINS ON SET ASIDE LAND

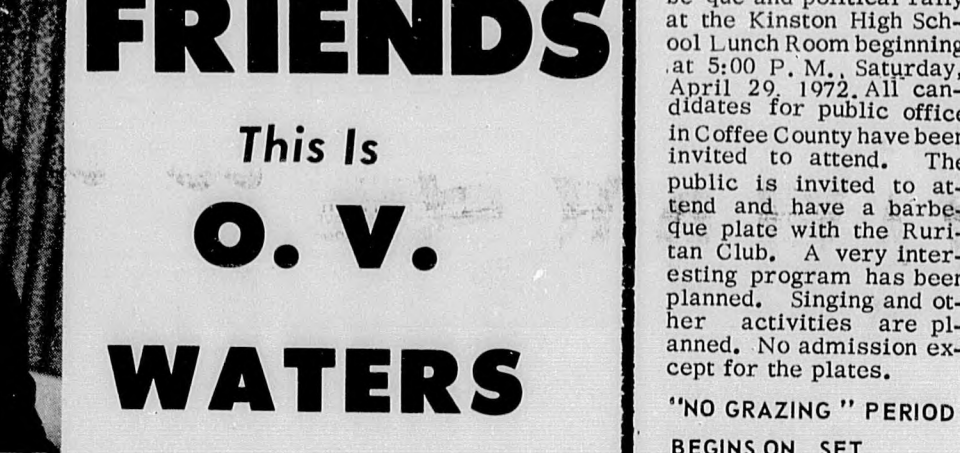

The "no grazing" period for set-aside acreage on farms participating in the 1972 food grain, wheat, and cotton programs has begun and will continue through the end of September 15.

This announcement was made by the Chairman of the Coffee County Agricultural Stabilization and Conservation (ASC) Committee, Rollan Day, who explained that a condition for participating in the voluntary farm programs is that set-aside acreage may not be grazed during five principal months of the growing season. Nor may set-aside acreage be harvested except for designated alternate oilseed crops and emergency hay.

The alternate crop exception to the non-cropping requirement is for those farmers who have signed up to use set-aside acreage for growing non-sprouting, non-price-supported oilseed crops and in return accept a reduction in set-aside payments. Crops approved for this purpose include safflower, mustard seed, sunflower, crabs, castor beans, guar meal, and plantago ovate.

The emergency hay exception for set-aside acreage requires a farmer first to apply to the County ASC Committee before harvesting the hay. If his application is approved, the hay must be stored for use in event of future emergency of such nature that it be officially declared an emergency by the administrator of ASCS, U. S. Department of Agriculture.

Farmers may secure information on the emergency hay storage provision and apply for having privileges at the County ASCS Office, Day said.

FRIENDS o. v. WATERS

Candidate for County Commissioner, District 4, Place 3

ASKING FOR YOUR SUPPORT IN THE DEMOCRATIC PRIMARY, MAY 2,

Qualified for this office from a District standpoint. When elected, will serve from a County standpoint and will serve all the people and serve them impartially!

"A MAN THAT IS BIG ENOUGH TO SERVE YOU, YET SMALL ENOUGH TO KNOW YOU"

THANK YOU

(Pd. Pol. Adv. by O. V. Waters, Enterprise, Ala.)

For a strong America LAMBERT

MIMS

U. S. Senate

STRONG NATIONAL DEFENSE

"I will not let the United States become a second-rate power." Our prestige has suffered in recent years. Lambert Mims will work to restore our nation to its rightful place of leadership. A close look will be taken at our lap-sided support of the United Nations. We can no longer tolerate give-away programs to nations who take with one hand, and strike us with the other hand.

STRONG ECONOMY

The need is obvious for you to have more money to give your family the basic necessities of life, and to provide the standard of living they deserve. Lambert Mims has had to work for a living all his life, and he knows the average family man cannot stand more inflation or continue to bear the burden of high taxes. Giant corporations and powerful financial institutions and foundations enjoy special favors while the average man is left holding the bag. This will be stopped. Waste in Federal spending, a major factor in inflation, must be checked. Industrial development must be a top priority so every Alabamian can have the opportunity to earn a better living.

STRONG EDUCATION

Lambert Mims believes in quality education. Forced busing must be stopped. School children must be able to study in an atmosphere of harmony and security.

STRONG PERSONAL CONCERN

A senator is elected to serve the people. Lambert Mims will always work to serve his people first. When an issue comes up for vote, he will make his decision based on: Is it constitutionally right? Is it best for the people of Alabama and our nation? Can we afford it? Only when the answers are "Yes" will I support the issue. This is common sense government at work!

STRONG MORALLY

America was based on the principles of honesty, integrity, and an underlying belief in God. Lambert Mims will work to restore these basic factors in a government which will deserve the respect and cooperation of all the people.

(Pd. Pol. Adv. by Coffee County Friends for Mims by Sam Sawyer, Chairman)

Mexican Fiesta Party

A Mexican fiesta party is fun to give and guests always enjoy the gay, lighthearted mood that goes with a fiesta. This is a good party for the outdoors and Mexican decorations are both inexpensive and colorful. The brightly colored tablecloths and paper flowers for a big splashy effect. There are also paper plates available in colorful designs which are decorative and also will cut down on your clean-up problems. You might even have one of the Mexican pinatas hanging. For those of you unfamiliar with the pinata, this is a big clay pot covered with cardboard and tissue paper and shaped like an animal, flower or any number of things. This clay pot is filled with fruits, candies and small unbreakable gifts and hung from a rope, possibly from a tree 11m b. Each guest is blindfolded and given a stick to break the pinata while the other guests try to swing it out of his reach. When someone finally breaks the pinata there is a shower of party favors. These are generally used for children's parties but we think it would be fun for any age group. Suggest your guests wear

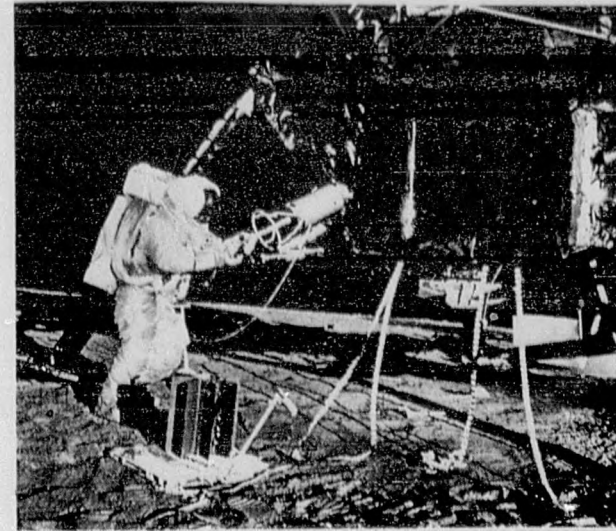

Mexican type apparel to fit the theme of your party. The boys might wear white pants and perhaps they can devise some sort of serapes, sombreros or even a fake mustache. The girls might wear ruffled blouses and full Mexican type skirts. Invitations for your party might read, "Come South of the Border to the Hacienda of (Last Name). Bring your guitar or any other type of instrument to add to the festivities. Prizes for all." Address your invitations as Senor for the boys and Senorita for the girls. You'll want your menu to be typical of Mexico and the main ingredients of almost any Mexican food includes tomatoes, chili peppers and corn. Mexican food was derived from the Aztecs or Spaniards. In fact, did you know that the Spaniards were responsible for introducing eggs from the domestic hen as food? Corn, too, plays a very large part in Mexican cookery as it forms the basis for tortillas, tamales, tacos and all the familiar Mexican foods. Tortillas, we are told are considered a type of bread for Mexico. Tacos are small tortillas which have been filled with various foods, then rolled

or folded with the filling. Tacos, which have been called the Mexican sandwich, would be a good choice for your party menu. They are not difficult and can be made in

TODAY'S TACOS
1 pound ground beef
1 medium onion, finely chopped
1 clove garlic, minced
1/2 teaspoon salt
1/2 to 1 teaspoon chili powder
10 or 12 taco shells
2 medium tomatoes, seeded, chopped and drained
Shredded lettuce
1 8-ounce package shredded cheddar cheese
Cook beef, onion and garlic till tender and lightly browned in Magnalite square skillet. Drain off excess fat; add salt and chili powder. To serve, spoon meat mixture into taco shells; top with chopped tomato, shredded lettuce and cheese. Makes 10 to 12 tacos.

SCRAMBLED EGGS CORTEX
8 eggs
1/2 cup milk
1 teaspoon salt
Break eggs into bowl; add milk and seasonings. Mix with fork, stirring thoroughly for a uniform color. Heat butter in Magnalite omelet pan over medium heat. Pour egg mixture into Magnalite pan. As mixture begins to set at bottom and side, gently lift cooked portions with spatula allowing uncooked portion to flow to bottom. Cook until eggs are thickened throughout but still moist, 3 to 5 minutes. Arrange eggs on serving platter; spoon tomato sauce over top.

TOMATO SAUCE
1/4 cup minced green pepper
1/4 cup minced onion
2 teaspoons butter or margarine
1 can (15 ounces) tomato
In small Magnalite saucepan, cook and stir green pepper and onion in butter over low heat until onion is tender. Stir in tomato sauce, sugar and seasonings. Simmer 10 minutes or until sauce is thickened; keep warm over low heat. Makes 4 servings.

ATCANS IN SPACE—One milestone in the Atomic Energy Commission's first 25 years was a "SNAP," or technically a System for Nuclear Auxiliary Power (SNAP-27) to power experiments on the moon. On November 19, 1969, Apollo 12 astronaut Alan Bean removed the atomic fuel from the lunar module and placed it in the thermoelectric generator seen near his feet. The device, developed for National Aeronautics and Space Administration by the AEC, has since provided about 75 watts of constant electricity to the Apollo Lunar Surface Experiments Package (ALSEP). Similar SNAPS were carried to the moon by the Apollos 14 and 15 crews. (Photo by NASA)

Carol Vaughan Feted With Kitchen Shower

The home of Mrs. Bancroft Cooper was the scene of a delightful kitchen shower on Saturday, April 8th, honoring Miss Carol Vaughan, whose marriage to John Franklin Kendrick, Jr. will be an event of May 14. As the guests arrived they viewed an attractive doortopiece which consisted of a copper-toned wicker basket filled with fresh parsley, radish roses, mushrooms, thubarb, asparagus spears and other vegetables. Hanging from the basket were miniature castiron cooking utensils knotted in streamers of moss-green ribbon.

The guests were welcomed by the hostess, Miss Cecelia Cooper, who gave each one a handful of pennies to be used in a game of, "A Penny Saved is a Penny Made." These pennies were later presented to Carol as her first deposit in a savings account at the Elba Exchange Bank in the name of Mr. and Mrs. John Frank Kendrick, Jr. Several entertaining games were played after which the group enjoyed watching Carol open her gifts. A dessert plate of spiced tea and raspberry squares topped with whipped cream and sugared raspberries were served to the honoree and the following guests: Mrs. Oscar Vaughan, Jr., mother of the bride-elect;

Mrs. John Frank Kendrick, Sr., mother of the groom-elect; Mrs. Oscar Vaughan, Sr., grandmother of the bride-elect; Rose Mary Kendrick, Mrs. Fred Clark, Mrs. Kimmie Dorsey, Mrs. Harry Bullard, Mrs. John Glenn Lee, Mrs. James Martin, Mrs. Bill Stokes, Mrs. Robert Cooper, Mrs. Roneau Rowe, Mrs.

James E. Williams, Mrs. Freddie Hainer, Mrs. Ben Brock, Mrs. J. Doug Kendrick, Mrs. Jack Vaughan, Mrs. Elmer Taylor, Mrs. Robert Cannon, Mrs. George Kennedy, Mrs. Glen Vaughan, Mrs. Raymond Tatom, Mrs. Stanley Prior, Mrs. Willard Martin, Mrs. R. H. Lee, Mrs. Milton Warr, Mrs. Paul King, and Mrs. Paul

Windham. Carol was radiant in a red knit dress fashioned in A-line design with an empire bodice. Her corsage, in keeping with

the occasion, was made of parsley and radish roses. Cecelia presented the honoree with a cast iron cornstarch pan as a gift from the hostess.

Miss Burkett To Wed Mr. Farris June 2

Mr. and Mrs. W. F. Burkett, of Samson, announce the forthcoming marriage of their daughter, Pamela Yvonne, to Kenneth L. Farris, son of Mr. and Mrs. Elton Farris, of Elba. The bride-elect is the granddaughter of the late Mr. and Mrs. Ellic Burkett, and the late Mr. and Mrs. W. H. Reynolds, all of Samson. Miss Burkett is a senior at Samson High School and will be graduated in May. The groom-to-be is the grandson of Mr. R. N. Medley and the late Mrs. Medley of Arton, Alabama and the late Mr. and Mrs. Farris of Elba. He was graduated from Elba High School and is presently employed with The Peoples Bank, New Brockton Branch. The wedding will be June 2 at 7:30 p.m. in the Freewill Baptist Church.

'Litter-Gitter' Bugs Litterbugs

Litterbugs may have met their match in a machine developed in Lubbock, Tex. Called the "Litter Gitter" by its inventor, N. A. Mattison, the device will collect paper, cans, bottles and other roadside trash at speeds up to 15 miles per hour. It has no engine but can easily be towed behind any powered vehicle—tractor, jeep or mower. Basically, chains of various lengths drag on the ground and "float" paper, cans, bottles and other trash onto a paddle wheel of fabric-stiffened rubber that pitches the material into a storage bin. One man can operate the machine.

POOR ORIGINAL

By Tom Cosaday, County Extension Chairman

A few weeks ago, I mentioned some of the soybean growers in the county, particularly in the Kinston area. I failed to mention that Winford Clark of Route One, Kinston, will

probably plant over 1,000 acres this year. This will make him by far the largest grower of soybeans in the county, Extension Farm Agent J. R. Speed visit ed with him the other

day and came away with the thought that soybeans are definitely becoming more popular in Coffee County. Clark is using some of his land and then he is renting land from others which is suitable for soybean production. One advantage to soybean production according to Clark is the fact that the crop can be handled entirely by machinery. This enables one man to handle relatively large acreages.

PEANUT DRYING

James Donald, one of our engineering specialists at Auburn, and I talked recently about on-the-farm drying. He wrote a letter, and I quote from the letter, "With peanut season approaching it is time for peanut producers in the county to be thinking about the possibility of installing on-the-farm drying systems for this year's peanut crops. Because of the increased interest in on-the-farm drying of peanuts, it is important for producers who are thinking about purchasing equipment to make plans for what they will need this year. Last year, there were some producers who were unable to obtain equipment they wanted simply because they waited too late to order."

I believe that on-the-farm peanut drying can be profitable for many Coffee County farmers if facilities can be properly planned and managed. We will be glad to work with those producers who are interested in installing this system.

cracking time treatment

Here is some good news for peanut producers. I quote from a letter dated April 12 from Dr. Earl Burns, our weed specialist at Auburn, and Mr. M. D. Bond, our peanut specialist. " Monsanto has recently been granted a state label for Lasso as a cracking time herbicide treatment for peanuts. This combination at rate of 2 to 3 pounds alachlor plus 1.5 to 3 pounds dinoseb has been one of the leading cracking time treatments for the past three years at the Wiregrass Substation. Lasso has good activity against most grasses except Texas panicum and moderate to good control of many broadleaf weeds. The maximum rate of this combination should give fair to good early season control of Florida Beggartail."

Senator Sparkman keeps finding new and better ways to solve today's biggest problems. And he has the seniority to put his solutions into action!

Whoever you are . . . Wherever you live . . . You're benefiting from Sparkman legislation and programs.

SENATOR SPARKMAN...BEST FOR ALABAMA.

Pd. Pol. Adv. by V. S. Graves, 2112 11th Ave. S., Birmingham, Ala. 35205

A MESSAGE TO THE PEOPLE OF COFFEE COUNTY from MAGDALENE M. "NIG" HORNSBY

I was born and reared in Coffee County, the daughter of the late Mr. and Mrs. Isiah A. Maddox. I have two sisters, Mrs. Mary A. Whitman, Elba, and Mrs. Mattie Ruth Kemp, Umatilla, Florida and three brothers, Leon Maddox, Elba, Johnnie B. Maddox, New Brockton and Bill Maddox, Enterprise.

I am married to Marvin (Edd) Hornsby, New Brockton, owner and operator of Hornsby Welding Shop. He is also engaged in cattle farming. We have one son, Paul, who is employed by The Capricorn Recording Studio, Macon, Georgia and married to Jeanne Lowry, Sylacauga, a teacher in the Macon, Georgia, city school system.

I am a member of The First Baptist Church in New Brockton serving as Adult Sunday School Superintendent, teacher of Ladies' Bible Class, Group leader of Church Training, serve on the Baptismal Committee, Director of night Group WMU, a church hostess and chairman of the Benevolence committee.

I am a graduate of Elba High School and Spencer Business College, New Orleans, Louisiana and have had twenty-five years of bookkeeping experience, working the past 21 years in the office of Johnnie B. Maddox Mercantile Company, New Brockton. I have worked previously in the Tax Collector's Office and Circuit Clerk's Office in Coffee County. I ask all five voters of Coffee County to search my record and proven ability before they cast their vote on May 2.

I believe in serving the people in Coffee County with honest, efficient and courteous service. We all are aware that we are facing a change in our Ad Valorem tax structure but I promise you if saying NO will keep you, the taxpayer, from paying more tax I will represent you, the people. I also promise to furnish each property owner a copy of their Assessment sheet so in case an error occurs it can be brought to my attention.

I know you are interested in electing a person to serve you as a **TAX ASSESSOR** who is qualified, that is why I am presenting myself to the people on my own merits and not my friends. Vote for ability and experience. **VOTE AND ELECT ME, MAGDALENE M. HORNSBY** to serve you as **TAX ASSESSOR** on May 2. Your vote and support will be deeply appreciated.

(PD. POL. ADV. BY MAGDALENE M. HORNSBY, NEW BROCKTON, ALABAMA)

Using this system, maximum concentration of the herbicide is present in the soil during emergence and early growth of the peanuts. This is at the time when many of the beggarweed and other weed seeds are germinating. This combination treatment has looked promising, and I would certainly recommend it on a real trial basis.

FUSIFORM RUST

We have had a lot of calls from people asking about the orange colored stuff on pine trees. The first sign usually is a swelling on one side or completely around the stem or branch of the pine tree. This swelling is caused by the action of the fungus within the inner bark of a tree. This disease strikes hardest on slash and loblolly pines. It occurs to a lesser degree on longleaf and is occasionally found on shortleaf pines.

The infection cycle, from pine to oak and back to pine, is usually completed in the spring. First signs of this infection cycle appear on pines in early March. Cankers on pine trees produce masses of orange colored spores resembling powder. These spores are blown to leaves of oak trees, where they grow later in the spring, bro-

wish, hair like bristles are produced on the lower surfaces of the leaves. These bristles produce spores, also carried by the wind, that can infect pines. Infection of pines usually take place on new needles, or on the tender new stem and branch tips.

Death Claims E. R. Stager Unexpectedly

Edward Ralph Stager, age 64, died unexpectedly Tuesday, April 18. Funeral services were held Friday, April 21st in Berea, Ohio.

Survivors include his widow, Mrs. Edean Stager, of Elba; one sister, Mrs. Gertrude Yeager, Dover, Ohio; four brothers, Frank Stager, Alameda Falls, Ohio; Dr. W. R. Stager, Dover, Ohio; Floyd Stager, Salem, Oregon and John Stager, Fairview Park, Ohio.

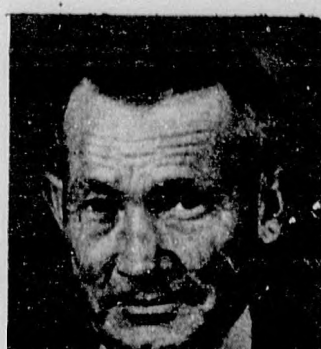

Mr. Stager had been a resident of Elba for fourteen years. Since his retirement from Dorsey Trailers he worked at Kleiner's Inc., and at the time of his death he was employed by the Elba City Board as the evaluator in the Special Education Program.

Party Enjoyed By Psi Chapter Of Delta Kappa Gamma

The Psi Chapter of Delta Kappa Gamma, honor society for women teachers, met Saturday afternoon at the Elba Country Club.

It has been previously planned for the members attending to wear costumes depicting some historical character.

This proved to be a most entertaining and interesting feature of the meeting. Among the personalities represented were Pocahontas, Martha Mitchell, Queen Esther, a puritan girl, Clara Barton, Alice Roosevelt Longworth and many others.

Mrs. Addie Lee Prescott and Mrs. Doris Pinkard registered the guests as they arrived.

Punch and party refreshments were served from a beautiful appointed table by Mrs. Jean Johnson and Mrs. May Bryan.

In the absence of the Chapter President, Mrs. Helen Rainer, Mrs. Mary Warren called the meeting to order and presided over a brief business session. The secretary's

report was made by Mrs. Pinkard, Mrs. Ethel Lar-jus gave a devotional thought and Miss Mary Ruth Lewis led in singing Delta Kappa Gamma songs with Miss Nell Haggood accompanist.

A delightful paper on "Women Agents of Change" was presented by Mrs. Mary Warren.

During a Founders Day program conducted by Mrs. Mary Rollins, Miss Eunora Farris was recognized as the founder and a past president of Psi Chapter. All other past presidents were recognized and paid tribute.

A very effective installation ceremony was conducted by Mrs. Lily Williams assisted by the following retiring officers: Mrs. Virginia Sanders, Mrs. Annabelle Wilkes, Mrs. Doris Pinkard, Mrs. Addie Lee Prescott, Mrs. Althea Prescott, and Mrs. Ola Kendrick.

The Social Security Office may not have 14 k. gold, but does have a "gold mine".

Gold Mine

Discovered By Social Security

The Dothan Social Security has discovered a "Gold Mine" according to Donald G. Valeska, Coffee County representative, is simply a place where Social Security keeps the proofs for people who plan to retire within few years. But to the people whose proofs are in the file, the "gold mine" becomes more literally valuable.

The Social Security staff in Dothan is now assisting people in getting their established ahead of time. After documents are examined and determined acceptable, the original proof are given back, and photocopies are kept by the Social Security office until the applicant is ready to retire.

Valeska pointed out this eliminates the chance of losing the proof. There is a great deal of satisfaction in knowing that your age is properly established in sufficient time to avoid a delay in that first social security retirement check, Valeska said.

Alabama births were first reported in 1908, so most people now nearing retirement age could get a birth certificate, Valeska said. In the event no birth certificate is found, old military or marriage records, insurance policies, voting records or family bibles can be used. Another good source is a 1910 or 1920 Federal Census record. The Social Security Office at 190 W. Troy Street, can assist any person in getting some satisfactory proof of his age.

The Social Security Office may not have 14 k. gold, but does have a "gold mine".

COTTON CHARMER — Polka dots are played against flowers in this bare-shouldered dress with lace-trimmed stole. Green and white cotton chintz shapes the bodice and skirt, while quilting adds dimension to the ankle-length skirt. Worn by Maid of Cotton Debbie Wright, it's an Elsie Curtis design for Hatteras.

State Troopers

Investigate

201 Accidents

The Alabama State Troopers investigated 201 rural traffic accidents with 97 injuries and 6 fatalities from 6:00 p.m. Friday through 12 midnight Sunday. These fatalities occurred in each in Montgomery, Elmore, Randolph, Blount, and Shelby County.

These accidents bring the number of people killed in rural Alabama traffic accidents this year to N.A., compared with N.A., killed during the same period last year for a N. A. of N. A. fatalities.

Troopers of the eight county Dothan District investigated 8 rural traffic accidents with 7 injuries and no fatalities during this period. The Dothan district has 12 fatalities so far this year as compared with 30 at this same time last year.

Coffee County troopers investigated 2 accidents with no injuries and no fatalities. So far this year 3 persons have been killed in vehicle traffic accidents in this county as compared with 2 killed during the same period last year.

The Story On Veterans

The story on veterans benefits available when they return home for discharge has now been told in briefings for more than 1,800,000 military personnel serving in Vietnam.

gram was reported today by Donald E. Johnson, Administrator of Veterans Affairs, who also noted that as of the end of March VA volunteers stationed in Vietnam had conducted more than 240,000 personal inter-

views with servicemen, and had helped prepare over 100,000 advance applications for veteran benefits.

Started as a two-man test program in 1967, VA OUTREACH in recent years was expanded to nine locations in Vietnam, and more recently has been extended to servicemen in Europe, Okinawa, Japan, and Korea, and to Navy personnel serving on four aircraft carriers.

"The VA is trying mighty hard to achieve its goal of making every eligible Vietnam Era veteran aware of his post-service benefits, and to encourage the use of these benefits," Johnson said. The VA Chief gave this summary of additional OUTREACH efforts of his agency:

VA representatives provide bedside counseling to disabled servicemen who are patients in some 180 military hospitals throughout the United States.

The agency provides group orientation and individual interviews at approximately 300 military separation points in the nation.

Once the serviceman is discharged, VA sends letters to each eligible Vietnam Era veteran explaining benefits and urging contact with the agency.

A six-month follow up letter to these veterans is now being initiated by VA.

U. S. Veterans Assistance Centers have been estimated at 72 locations in the country to provide benefit information and assistance.

Toll-free telephone service has been provided for all veterans living in 60 cities without VA offices, and a similar service now operates throughout six other states.

Increased participation in major VA programs indicates that the agency's intensive OUTREACH efforts are paying dividends, Johnson noted.

He cited as an exam-

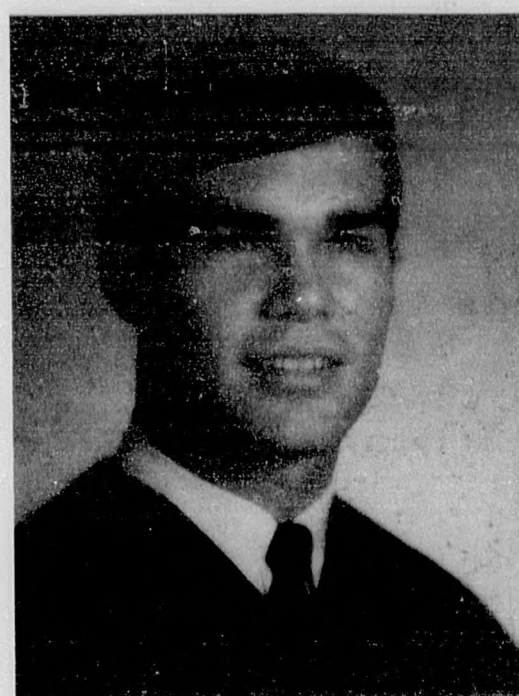

ple the G. I. Bill education and training pro-

gram, which is expected to number a record of

1,910,000 trainees in the current fiscal year, up

21-percent from F. Y. 1971.

Attends Conference

Major James B. Howard, 787th Maintenance Battalion Commander, was one of the 32 commanders and the commanders attending the 121st

U. S. Army Reserve Command Annual Commanders Conference April 22-23 in Birmingham. Also selected to attend is Command Sergeant

Let Mrs. Agnes Baggett Work For You In The U.S. Congress

I will fight for the POW's... against inflation... for Prayer in School... attack the drug problem... work to improve our import-export ratio... end the useless struggle in Vietnam... and stay on the job in Washington full time working for you. Your vote and your support will be appreciated.

DEMOCRAT-DISTRICT 2

PD. POL. ADV. BY AGNES BAGGETT, MONTGOMERY, ALA.

Major Fred W. Moore, 787th Maintenance Battalion. He is among 16 sergeant majors attending the conference for the first time, a move directed at giving the enlisted grades more representation within the command.

This year's theme is leadership which is closely linked to the increased and important role given the reserve with the recent zero draft and all volunteer Army proposals. In 1969 the reserve comprised only 29 percent of total Army strength but by 1974 this figure will be 45 percent of total Army manpower.

In any future emergency that might require rapid and substantial expansion, reserve units will be the initial and primary source for augmentation in the active forces.

Another primary topic for discussion at the conference is updating reserve training methods and effective use of the two-week annual summer training.

The 121st ARCOM has more than 9,000 personnel assigned to more than 100 units in the states of Alabama, Mississippi and Tennessee.

The 787th Maintenance Battalion, located at William Wright Evans United States Army Reserve Center, Dothan, Alabama, has 7 units under its command and has the mission of providing command, tactical, administrative, training and technical operational supervision of attached units.

Major Howard, who resides in Enterprise, is a veteran of 28 years active and reserve service. He has been the commander since August 7, 1971.

Command Sergeant Major Moore, who resides at Smith Avenue, Elba, is a veteran of 23 years active and reserve service. He has been the Command Sergeant Major since March 30, 1967.

"A few more deductions and your take-home pay isn't going to be enough to get you there."

National Security Announces Record Year End Dividend

Following a meeting of the board of National Security Insurance Company of Elba, Alabama, held in the Office of the Company, April 20, Dr. J. E. Pittman, Jr., Chairman, announced a 10% stock dividend payable August 30th, to stockholders of record of July 31.

In 1970 a 5% cash dividend was paid. Immediately preceding the board meeting, W. L. Brunson, President, reported to the annual stockholders meeting that the Company had enjoyed its finest year with an after tax profit of \$97,000 or \$145 per share.

which compared favorably with a 1970 profit of \$682,000 - representing an increase of 37%. President Brunson told of plans to continue expanding the Company's sales of life insurance in the states of Alabama, Georgia, and Mississippi and of the Company's wholly owned subsidiary, National Security Fire's success in going into states of Georgia, Mississippi, and Arkansas.

The stockholders elected the following directors all of whom are from Alabama: Winfield Baird, Dr. E. T. Brunson, J. R. Brunson, W. L. Brunson, Warren B. Crow, Dr. C. J. Donald, Jr., D. M. English, Henry Clyde Mabry, II, Dr. J. E. Pittman, Jr., J. Ford Robinson, Dr. E. Thomas Brunson.

(Pd. Pol. Adv. by Omega Farris, Rt. 3, Elba, Ala.)

SHOULD YOUR WIFE HAVE TO PAY FOR YOUR FUNERAL?

So you and your wife have worked together through good times and a few bad ones. Maybe you've been able to save a few bucks and have a little life insurance. In the event of your untimely death, you will agree it would not be a good idea to leave her with the decision of the type and the cost of your funeral. You would not want her to exhaust those funds you planned for your family's protection either. You can decide now and for just pennies protect your family from this problem.

WHY SHOULD I THINK ABOUT THESE THINGS WHEN I'M STRONG AND HEALTHY?

You may ask - why do I need to think about things like this now when I'm strong and healthy? - because if you were to become sick or bedridden you may not be able to buy this protection and your rate today is lower than it ever will be.

COST OF FUNERALS IS UP

Unfortunately the cost of funerals which includes caskets, vaults, etc. has gone up as everything else has, so act now to be certain that full arrangements have been made for your family. Through a combination of funeral insurance and incontestable cash insurance, arrangements can be made now for any amount. CHOOSE THE AMOUNT YOU WANT TO SPEND \$300 - \$600 - \$800 - \$1,000 - \$1,500 - \$2,000.

WHY IS THIS POLICY DIFFERENT?

This is a brand new policy by an established Alabama company that has handled funeral policies for over 25 years. It is not to be confused with some of the policies you may have read about in recent months. Here are a few of the reasons:

SERVICED BY ANY FUNERAL DIRECTOR

This policy may be serviced by any funeral director, whether under contract to the company or not. To receive full benefit an authorized funeral director should be used; you have a choice.

INCONTTESTABLE

"This policy is incontestable after it has been delivered during the lifetime of the insured except for non-payment of premiums." - General provisions of the policy.

OPTION AS TO MERCHANDISE OR SERVICE

The policy carries the option of using the entire amount of the policy on a casket, or for any other funeral merchandise or service desired. There is no question as to what this policy will or will not pay for - whether merchandise or service.

HIGHER CASH VALUES...

The cash values under this policy are higher than those on most funeral or burial policies. This means if after 5 years you decide not to continue premium payments you'll get more dollars back.

CHOOSE THE SIZE AND TYPE OF FUNERAL NOW... DON'T FORCE OTHERS TO DECIDE!

If you want a simple service with a minimum expense or if you wish to go to a metal casket and metal vault - all these are decisions that should be made now when you are healthy. It is a decision that you will want to make now rather than leave to others in troubled times. Act now while you can buy this policy.

AUTOMATIC FEEDER—Pat Moates, explains to Coffee County Extension Farm Agent J. R. Speed how the automatic feeder and water systems in his broiler houses work. Moates, of Enterprise Route 2, has four broiler houses with a total capacity of 56,000 birds.

FARMING IS CHANGING

Change is the name of the game today regardless of what you're doing. Farming is certainly no exception.

Pat Moates of Coffee County has been a peanut, corn and beef cattle man all his life. And a good one. But the establishment of a broiler processing plant in Enterprise, opened a new door for him.

He decided to get into the broiler business. But while he did this, he had to make some changes in his operation which he had been following for years. For example, in 1971 he had 126 acres of peanuts, 84 acres of corn and 70 brood cows. But this year he severely cut his row crop operation—peanuts to 50 acres and corn to 36 acres.

"I'll keep my brood cow operation about the same," the Enterprise, Rt. 2 man said. "Broiler manure will be used on pasture crops."

He has four new broiler houses with a total capacity of 56,000 birds. Coffee County Extension Farm Agent J. R. Speed had a quick explanation of Moates' change to broilers.

"Labor caused it," said Speed. "With modern equipment he can handle a big volume of broilers pretty well by himself. But with the operation he had last year, considerable labor was required."

Moates, who grows broilers on contract with the new processing plant in the area—Conagra—likes the steady income. "A payday every nine to ten weeks is fine. With row crops you normally have one income a year," he said.

Moates' broiler houses are as automatic as you'll find anywhere.

"Feeding and watering are completely automatic," said Speed. "Mr. Moates' job is just to check regularly to see that all equipment is properly working."

State of Alabama Child Labor Laws

The Alabama Child Labor Agency, headed by James B. Cogdell, is vitally interested in and concerned about the vast number of youngsters in our State who will soon be seeking jobs for the Summer months. The Child Labor Agency, Division of the State Department of Industrial Relations, has the responsibility of directing the administration of the Child Labor Law in Alabama. "I am of the opinion," Mr. Cogdell states, "that if people want to close the generation gap, they (young and older) can do it best by working together. Another important feature of work for youngsters is that sometimes only work can make classroom education seem relevant to anything. There is considerable question in my mind about our three-month vacation period unless we provide something for people to do, whether it be work, recreation or some other answer."

Laws most assuredly are not to prevent young people from working and when they do prevent work it is for a good reason: To promote the safety and well-being of our youth.

The Alabama Child Labor Law requires every youth under the age of 17 to obtain a work permit before he goes to work in Alabama. These permits are issued in all County and City Boards of Education, in most high schools and some private schools throughout the State. There are personnel in all the school systems in Coffee County, Elba City, and Enterprise City.

With another school year coming to an end, a record number of young people will be seeking jobs in this area of the State, and to properly comply with the Law, employers of youth should be sure to have work certificates for each youth on file. The 1970 Census shows a total of 2844 minors age 10 through 16 living in Coffee County. Those boys who are 10 or 11 are only allowed to be engaged in jobs such as newspaper delivery and they must comply with the Law.

Moates' monitow water system is strictly modern. Birds peck a drinker and get their water. The big advantage is that there are no waterers to clean.

Moates' said, "Every three or four days as chicks grow I raise feeders and drinkers. But this doesn't require any effort. I do this with a power drill winch - type rig."

"The way legislators spend our tax money makes you think they are using a credit card."

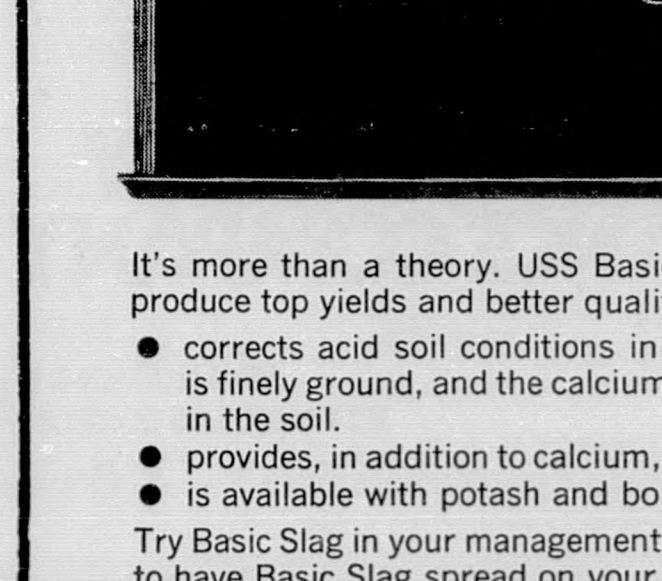

Moates' broiler houses are as automatic as you'll find anywhere.

Moates, who grows broilers on contract with the new processing plant in the area—Conagra—likes the steady income. "A payday every nine to ten weeks is fine. With row crops you normally have one income a year," he said.

Moates' broiler houses are as automatic as you'll find anywhere.

"Feeding and watering are completely automatic," said Speed. "Mr. Moates' job is just to check regularly to see that all equipment is properly working."

certificate system, but thousands are continually prevented as the hazards of various jobs are pointed out."

The Law allows youngsters to participate in such a vast number of occupations and places of employment that it would be impractical to list all the jobs a youngster can perform. It is much easier to point out examples of places of employment where youngsters under 16 cannot work. These are mills, factories, canneries, laundries, and mechanical establishments.

The Alabama Child Labor Agency is closely allied with the State Department of Industrial Relations, has the responsibility of directing the administration of the Child Labor Law in Alabama.

Mr. Cogdell states, "that if people want to close the generation gap, they (young and older) can do it best by working together. Another important feature of work for youngsters is that sometimes only work can make classroom education seem relevant to anything. There is considerable question in my mind about our three-month vacation period unless we provide something for people to do, whether it be work, recreation or some other answer."

Laws most assuredly are not to prevent young people from working and when they do prevent work it is for a good reason: To promote the safety and well-being of our youth.

The Alabama Child Labor Law requires every youth under the age of 17 to obtain a work permit before he goes to work in Alabama. These permits are issued in all County and City Boards of Education, in most high schools and some private schools throughout the State. There are personnel in all the school systems in Coffee County, Elba City, and Enterprise City.

With another school year coming to an end, a record number of young people will be seeking jobs in this area of the State, and to properly comply with the Law, employers of youth should be sure to have work certificates for each youth on file. The 1970 Census shows a total of 2844 minors age 10 through 16 living in Coffee County. Those boys who are 10 or 11 are only allowed to be engaged in jobs such as newspaper delivery and they must comply with the Law.

Moates' monitow water system is strictly modern. Birds peck a drinker and get their water. The big advantage is that there are no waterers to clean.

Moates' said, "Every three or four days as chicks grow I raise feeders and drinkers. But this doesn't require any effort. I do this with a power drill winch - type rig."

"The way legislators spend our tax money makes you think they are using a credit card."

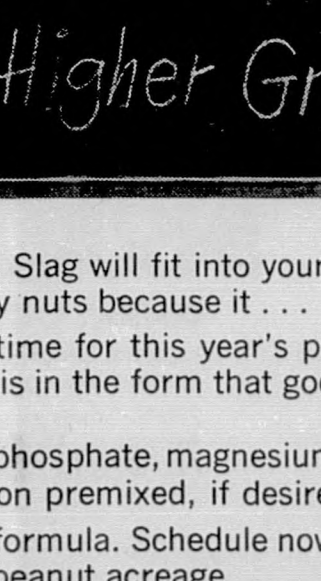

Moates' broiler houses are as automatic as you'll find anywhere.

in my mind of an employer when he obtains a certificate which will only be issued if the work is legal. This makes hiring of teenagers a simple matter for the employer.

Pollution Control Awards Announced

Gold medal awards were presented to American companies for achievement in water pollution control and related water conservation development in 1971, by the Sports Foundation, Inc.

Acting in behalf of swimmers, fishermen, boating enthusiasts and sportsmen, the Sports Foundation, Inc., named the 1971 Grand Award Winners: Atlantic Richfield Company for the best company-wide program and Virginia Electric and Power Company for the best single plant program.

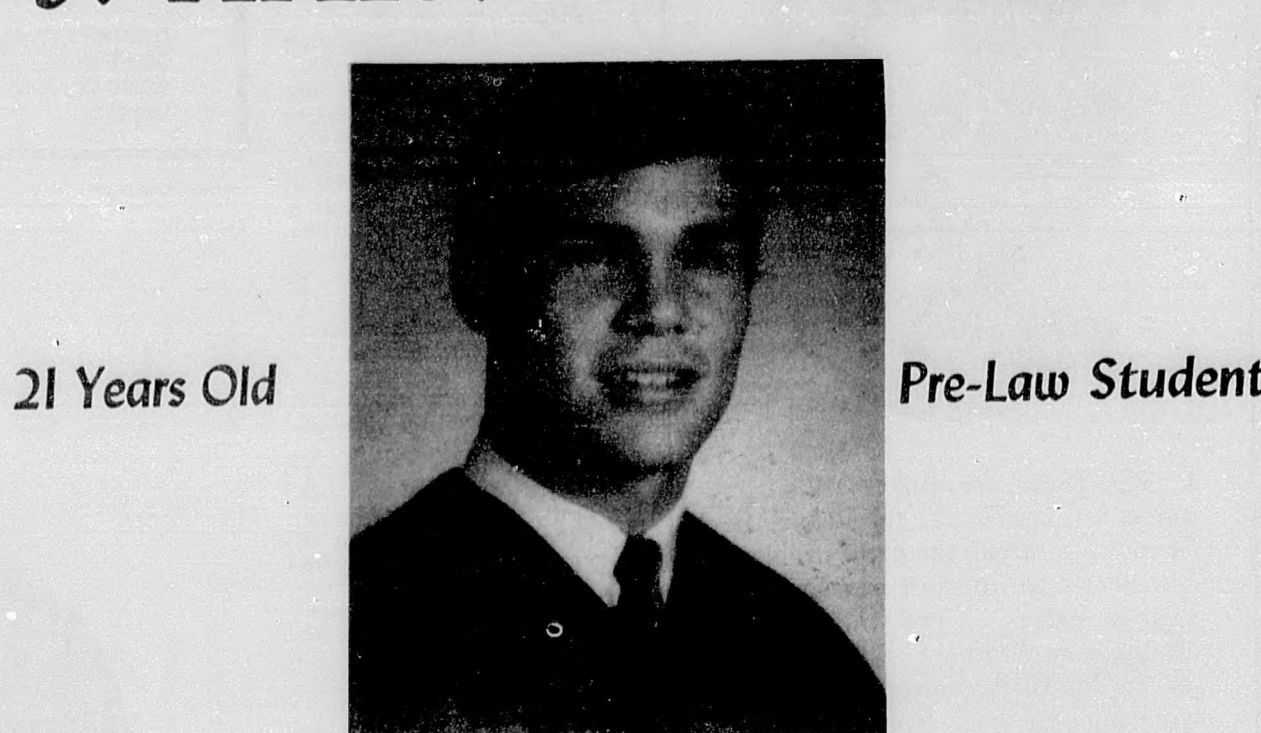

Cited particularly was Atlantic Richfield's pioneer engineering for the waste treat-

ment facility at Prudhoe Bay on Alaska's North slope, and the solving of special problems at six refineries across the United States. Virginia Electric's installation of a "unique and innovative cooling system at their Chesterfield, Va. plant, resulted in the conclusion that... the Chesterfield Station has no significant effect upon the ecology of the James River," according to Johns Hopkins University field research.

Azalea Garden Club Holds April Meeting With Mrs. Claude Dorsey

The Azalea Garden Club held its regular April meeting in the home of Mrs. Claude Dorsey with Mrs. Mose Hamm serving as co-hostess. Delicious refreshments were served as members arrived. The meeting was called to order by the president, Mrs. Price Ringo, who led the members in repeating the Club Collect.

The roll was called by the secretary, Mrs. John Kimmey. There were twenty-two members present. Minutes of the March meeting were read and approved. Mrs. Boyd Murphee gave the treasurers report. With all bills paid there remains a balance on hand of \$194.72.

The president reported on the Clean-up Campaign held March 11. It was a success. Mrs. Ringo expressed the gratitude of the club members to the Elba Clipper for the excellent coverage given this event. A vote of thanks was given to Mrs. James Wise by the club.

Mrs. Duke Tatum, parliamentarian, reported this is the year provided by the Bylaws for their review. She asked that each member read her copy of the Bylaws before the next meeting.

Mrs. F. H. Murphee, membership chairman, reported a letter of resignation received from Mrs. Jim Auchmuty, who has moved to Birmingham. The letter was read by the secretary and accepted with regret.

Mrs. Ringo read a letter from Mrs. James Wise, Jr., expressing her appreciation to the club members for their support in making the Clean-up Campaign a success.

Mrs. Sam Rowe, yard-of-the-month chairman, reported the award for the month of April was given to Mr. and Mrs. Harold Berry.

Mrs. V. D. McCreary reported the martinhouse at the Nursing Home is not being used, perhaps because we put it up so late. She hopes it will be used next summer.

The name plaque in the summer house is loose. The secretary promised to see that it was repaired. Mrs. McCreary also reported the window boxes will be planted this month.

Mrs. Oliver Williams made announcements and assignments for the Dutch Luncheon to be held at 12 noon on May 10, 1972, in the home of Mrs. Boyd Murphee. In addition to Mrs. Williams and Mrs. Murphee, hostesses include Mrs. James Wise, Jr., Mrs. Harry Bullard, Mrs. John Kimmey, Mrs. Bancroft. Cooper will be in charge of the program, her topic being "Candles in Flower Arrangements."

Mrs. F. H. Murphee announced the program. She presented Mrs. Oscar Vaughan, Jr. who gave a most interesting paper on "Garden Gimmicks." This concluded the meeting.

Dancing Recital To Be Held April 27th
On April 27th at 7:30 p.m. in the Crenshaw Christian Academy Gymnasium.

VOTE FOR BYRON GALLOWAY FOR RE-ELECTION
As Your
COUNTY COMMISSIONER
DISTRICT 2, COFFEE COUNTY
8 Years Experience As Your Commissioner Speaks For Itself

1. Served with honesty and dignity
2. Managed funds efficiently and well within budget
3. Worked with other commissioners and all municipalities willingly whenever asked.

I Pledge To Continue Working For The Entire County. "If I am re-elected, it will be by the majority of the people and I will serve them like they want to be served."

(Pd. Pol. Adv. by Byron Galloway, Rt. 1, Jack, Ala.)

orium approximately forty students will be presented in a Dancing Recital. These students have been working hard all year under the direction of Dr. Jane Land, Mrs. Call Murphee, and Mrs. Bobbie Jackson.

The dances will be featured in Ballet, Tap, Jazz and Baton.

You will want to come out to see these talented students of all ages perform in their creative dances.

Academy Singers To Perform April 28th

On Friday night April 28th at 8:00 p.m., the Junior High Choir and the Academy Singers, under the direction of Mrs. Lillian Wise, will be on program in the Crenshaw Christian Academy Gymnasium.

Forty eight members from grade seven, eight and nine compose the Junior High group. Their accompanist is Miss Diane Evans.

The Academy Singers will be performing with forty six members from grade ten, eleven, and twelve accompanist is Miss Rebecca Shows.

The musical numbers in the program will be Sacred, Popular and Standard. This type of music will appeal to everyone.

The same week the Academy Singers with their director Mrs. Lillian Wise will be on Tour. They will perform at several private schools in Montgomery County.

Death Claims Ruth Weatherford After Lengthy Illness

Ruth C. Weatherford, Route 1, Elba, age 77, passed away April 19 after a lengthy illness. She was a devoted wife, mother and grandmother. Her funeral services were held at Hayes Funeral Home Chapel April 20, with Reverend David Richburg officiating. Hayes Funeral Home of Elba directed the services.

Survivors include: five sisters, Miss Mae Morris, Mrs. Annie Hornsby, and Miss Lillian Morris, all of Elba; Mrs. J. W. Calhoun, Mobile; and Mrs. Herman Baker, New Brockton.

Funeral Services Held For Mrs. Grimes April 20

Mrs. Annie L. Grimes, widow of late J. W. (Butter) Grimes, 83, of Rt. 2 Danley's X Roads, Elba, Ala., died April 18, 1972 in Coffee County at Coffee General Hospital in Enterprise, Ala.

Funeral services were held at Bethany Primitive Baptist Church with Elder Jimmy Donaldson, Ivy Watson, J. P. Morgan, and Chester Hornsby officiating. Pall bearers were Clyde Martin faris, Waylon Nelson, Paul

Hudson, Edgar Durough, W. H. Taylor, Jr., and Mike Donaldson, Burial followed in Danley's X Roads Cemetery with Hayes Funeral Home directing.

Mrs. Grimes was the last member of a pioneer family having lived all her life in Coffee County. She was a member of Bethany Primitive Baptist Church for many years.

Survivors include one daughter, Mrs. Martha Sue Mitchum, Mobile, Ala.; two sons, Haywood L. Grimes and John E. Grimes of Elba; five grandchildren, Mary John Nelson, Annie Jean Hudson, Susan and Sharon Mitchum, and Robert L. Grimes and 3 great grandchildren.

Trim It Up

If you sew, it's easy to create your own individual look — with all the trimmings.

There may be nothing exclusive about the pattern you choose, but the way you use trims—either sparingly or in great abundance—can make an individual difference.

Whether in the form of rick rack, ball fringe, peasant bangles, or beaded ruffles, choose a trim to complement the fabric first, and then sew on all the horizontal details. Complete the look with a peasant blouse of cotton broadcloth or batiste edged in matching rick rack.

A combination of rick rack and braid can give added charm to country-girl dresses of flower-printed cotton calico. Choose trimmings to pick up colors in the print.

For a distinctive hemline, stitch a row of giant rick rack between two rows of flat braid. Reverse the arrangement of rick rack and braid for a border outlining the neck and waist of the dress.

For a more frilly treatment, try a combination of Venice lace and butterfly ruffling. If you use unbleached cotton muslin or natural-colored homespun for your country-girl dress, give it a folkish flair with embroidered peasant braid.

For best results in applying trims, be sure to use cotton mercerized thread in the same color as the trim. Always handle trims loosely and use a light thread tension on your machine to avoid puckering.

You'll also find it's easier to work from a full length of trim rather than from pre-cut pieces when sewing. For a professional look, mark the exact location for the trim on your dress.

To figure trim yardage when it's not shown on a pattern, determine the location of the trim and then measure either the pattern or the garment. Add an extra half yard or more of trim to allow for joining, curves, or corners.

Funeral Services Held For Mrs. Grimes April 20

bats aren't exactly "booming" at present, has the same problem. It has had since the Braves franchise was moved from Milwaukee. Phil Niekro and Pat Jarvis are major league pitchers, but eliminate those two and name me a winning hurler on the Atlanta staff. Dick Kelley and Jim Nash are potent on some occasions, but both lack the consistency required in the majors. Also, the bullpen is the weakest in the majors this year. When you have to call on a starting pitcher to do short relief work (the Braves have used Niekro on such occasions) you are in trouble.

Montgomery's Rebels, Detroit's AA farm club in the Southern League, seem to have everything it takes to be a pennant contender. From the manager down to bench strength, Montgomery has it all. Fred Hatfield, the Reb skipper, is an enthusiastic chap who knows what it means to win. He started the winning ways at Florida State University, then moved on to bigger things. In my opinion, Hatfield is a potential major

league manager, and will be in that position soon. On the golf scene at Elba Country Club, Drexel Cook has done it again. Drexel carded his second hole-in-one at the home course last Sunday, April 16. This time, he humbled pesky number 5. And in case you wonder how much luck was involved in Drexel's ace,

I'd have to say that he is one of the better long-term players at the club. This makes par-three holes his specialty. Congratulations, Mr. Cook, and when do you plan another ace, please?

We are proud of the fact that golf at ECC is becoming very congested on the week-ends. There is more play at the club now-

adays than ever before. If the support continues, plans can be made to handle more players by setting tee times for all players on week-ends. Although this is only an idea at present, ours is a problem that is welcome and can be solved rather easily.

A Baseball Family Loves Bowling

Mickey and Joyce Lolich are just one of many American couples who bowl for relaxation and fun whenever time permits.

Lolich, Detroit Tigers' star pitcher, won 25 games last year as the busiest American bowler, finishing fifth in the League's Most Valuable Player Award race. Lolich, who pitched in 39 games for Detroit in 1971, is also an avid bowler.

Not long ago when the Loliches had a day to themselves, they dropped by a suburban Detroit bowling center and bowled for two hours.

"I started bowling back in high school and Joyce learned the game in Florida," said the personable Lolich.

The busiest pitcher in base-

ball last year, Mickey prefers to bowl during the winter when he is not pitching strikes from the mound. They usually get on the lanes at least once a week.

The 5'11, 190-pound left-hander bowled regularly while attending Clark Junior College, Vancouver, Wash., during the mid-1960's and once held a 170 average per game.

"The best I ever bowled was 225, and that was a long time ago," Mickey said, watching his lovely wife, Joyce, roll her ball.

The Loliches have three daughters: Kim, 5, Stacey, 2, and Jody, only 11 months old. When the girls get older, all the Loliches will be bowling for enjoyable entertainment.

Polly Ann Clark Honored With Bridal Tea

The home of Mrs. Cecil Crow, of Thomasville, Alabama was the scene on Saturday, April 8, of a lovely afternoon tea honoring Miss Polly Ann Clark, of Elba and Montgomery, bride-elect of John Carlton Mosley.

Hostesses for the event were Mrs. Jack Kerby, Mrs. Buren Nichols, Mrs. Robert Short, Mrs. Eugene Parnell, and Mrs. Thomas Griffin.

Mrs. Crow greeted guests and presented them to the honoree, who received in a short, original gown of blue and white bonded crepe. The empire bodice and long sleeves were accented with gold jeweled trim. A corsage of yellow feathered carnations complimented her outfit. Also receiving was the honoree's mother, Mrs. Gordie Hansford Clark of Elba, who wore a pale pink knit dress with matching slippers and a yellow corsage. The groom-elect's mother, Mrs. John Clinton Mosley, of Thomasville, received in an apple green gown with matching shoes and corsage of yellow.

A spring motif of yellow and white was carried out in the many beautiful floral arrangements in the reception room. The registry table, presided over by Miss Joyce Ware of Mobile, was graced by a silver vase of roses and bridal wreath. The living room held several lovely arrangements of spring, tulips, lilies, and gladioli. In the family room were bowls of mixed yellow and white spring flowers.

The support and basic understanding of business by the younger generation is vital to our well-being. Active participation in this program will provide the opportunity for discussion of the benefits and the weaknesses of our economic and social systems. It can be the first step in resolving our problems.

ver service. Miss Lucinda Kerby assisted the hostesses in serving assorted dairy sandwiches, nuts, petit fours and hand-made mints. Special guests were aunts of the honoree, Miss Gladys Clark, Mrs. John Smith and Mrs. Giles David Bryan, all of Elba. ESJC Participates In Training Program

Enterprise State Junior College, in corporation with other Alabama Junior college and the University of Alabama in Birmingham (UAB), is conducting the state's first training program for optometric technicians.

Working under the direct supervision of an optometrist, the optometric technicians will serve as "extra pairs" of skilled hands and have responsibilities ranging from the least complicated to the most exacting. Included in the program is visual training, color vision screening, prescriptions dispensing, contact lens and laboratory duties.

Upon completion of the optometric technical program, the student is awarded an associate degree from Junior College and a certificate of completion from UAB. The student spends a year in junior college taking English, math, science, speech and office courses. Then, a year is spent at UAB, while he studies optics, anatomy, physiology and optometric office management.

To find out more about the optometric technician program, students should contact their Junior College advisors of UAB's School of Optometry 1919 7th Avenue, So., Birmingham, Ala. 35233, or phone 934-3621.

A new environmental monitor system has been developed by Westinghouse Electric Corp. The fully automated system monitors and records weather and pollution data, and it can "blow the whistle" when pollutant emissions reach a predetermined level. It is manufactured by the company's meter division in Raleigh, N. C.

Burgess's election came at a recent meeting of the APA-ANAS Boards of Directors in Birmingham. He has served for several years on the ANAS Board and has been active in Association affairs.

ANAS was incorporated by state newspaper executives in 1951 to provide three newspaper-oriented services. It operates an advertising agency, a clipping bureau and a news release service. Headquarters for the business is in Tuscaloosa.

Serving as members of his Board of Directors are Don Woodward, Business Manager, the Advertiser-Gleaner, Guntersville; David Chancey, Publisher, The Headland Observer; Norman Hidenhour, Publisher, The Prattville Progress; Jim McKay, Publisher, The Demopolis Times; and Jimmy Faulkner, Jr., Co-Publisher, The Baldwin Times of Bay Minette.

Burgess attended public schools in Opp and graduated from Auburn University in 1961.

I welcome the newly registered voters of Coffee County, especially you young people. I appreciate the large number of our young people registering to vote in order to participate in your County Government.

I am very much concerned about your future, to the extent that I have taken every opportunity to make available every type of education and recreation possible. I have always worked closely with all the school boards in improving the available facilities. I have always worked hard for Enterprise Junior College and the access streets, roads and the recreation program around the college. I have participated, and I will continue to support this project.

I hope you will continue to take advantage of this higher education because in the future you people will be responsible for all phases of our government.

I am very much concerned about your future, to the extent that I have taken every opportunity to make available every type of education and recreation possible. I have always worked closely with all the school boards in improving the available facilities. I have always worked hard for Enterprise Junior College and the access streets, roads and the recreation program around the college. I have participated, and I will continue to support this project.

Political Announcements

FOR COFFEE COUNTY COMMISSIONER DISTRICT 1

I hereby announce my candidacy for the office of representative from this district to the Coffee County Commission, subject to the action of the Democratic primaries.

I will represent all of the people of Coffee County fairly and impartially. I am for continued progress and industrial growth administered in a sound business-like manner. I do intend to try to see each of you personally. However, it will be impossible and I take this opportunity and method to ask you for your vote and support. I want to be YOUR commissioner.

LEON SMART
(Pd. Pol. Adv. by Leon Smart, Jack, Ala.)

FOR COMMISSIONER COFFEE COUNTY DISTRICT 4 PLACE 2

I hereby announce my candidacy for election to the office of Commissioner, District 4, Place 2, Coffee County, subject to the Democratic Primary elections to be held on May 2 and May 30, 1972.

I pledge to make Coffee County one of the finest places to live and work by bringing it up to proper standards. Your help and vote will be appreciated.

ROY SIMS
(Pd. Pol. Adv. by Roy Sims, Enterprise, Ala., Rt. 1)

MAX WATKINS
Enterprise
(Pd. Pol. Adv. by Max Watkins, Enterprise, Ala.)

FOR COFFEE COUNTY COMMISSIONER DISTRICT 4, PLACE 2

I wish to announce my candidacy for election as a member of the Coffee County Commission, District Four, Place Two, and respectfully ask for your support and influence in my behalf.

I am not against anyone, I am not obligated to any group and I promise to serve this county to the very best of my ability. I will make an effort to see each voter in Coffee County between now and election day and earnestly solicit your vote and influence.

If elected I will serve all the people of Coffee County. I feel I am qualified to fill this position and that it will be an honor to serve with you. I will be happy to help you in any way possible.

HUBERT REYNOLDS
(Pd. Pol. Adv. by Hubert Reynolds, Elba, Rt. 3)

FLORNOY WHITMAN
Elba, Ala.
(Pd. Pol. Adv. by Flournoy Whitman, Elba, Ala.)

FOR COFFEE COUNTY COMMISSIONER DISTRICT 4, POST 2

I wish to announce my candidacy for re-election as commissioner District No. 1, Coffee County, Post Two, and respectfully ask for your support and influence in my behalf.

I am not against anyone, I am not obligated to any group and I promise to serve this county to the very best of my ability. I will make an effort to see each voter in Coffee County between now and election day and earnestly solicit your vote and influence.

If elected I will serve all the people of Coffee County. I feel I am qualified to fill this position and that it will be an honor to serve with you. I will be happy to help you in any way possible.

ROY SIMS
(Pd. Pol. Adv. by Roy Sims, Enterprise, Ala., Rt. 1)

MRS. MAGDALENE M. HORNSEY
New Brockton, Ala.
(Pd. Pol. Adv. by Mrs. Magdalene M. Hornsey, New Brockton, Ala.)

FOR COFFEE COUNTY COMMISSIONER DISTRICT 1

I wish to announce my candidacy for re-election as commissioner District No. 1, Coffee County, subject to the action of the Democratic Primary elections to be held on May 2 and May 30, 1972.

I pledge to continue to serve all the people of Coffee County as a whole and to the very best of my ability. I earnestly solicit your vote and influence in my behalf. It is my sincere hope to see as many of the voters of Coffee County as possible.

J. ALBERT DYESS
(Pd. Pol. Adv. by J. Albert Dyess, Rt. 1, Elba, Ala.)

HUBERT REYNOLDS
(Pd. Pol. Adv. by Hubert Reynolds, Elba, Rt. 3)

FOR COFFEE COUNTY COMMISSIONER DISTRICT 3

I wish to announce my candidacy for election as Commissioner of Coffee County, District 3, subject to the Primary elections of May 2 and May 30, 1972.

Your vote and influence will be greatly appreciated.

LUTHER BLUDSWORTH
Elba, Alabama
(Pd. Pol. Adv. by Luther Bludsworth, Elba, Ala.)

FOR COFFEE COUNTY TAX COLLECTOR

MILFRED HEAD
Jack, Ala.
(Pd. Pol. Adv. by Milfred Head, Rt. 1, Jack, Ala.)

MRS. DAWSON FARRIS
Pd. Pol. Adv. by Mrs. Dawson Farris, Elba, Ala.

FOR COMMISSIONER COFFEE COUNTY DISTRICT 4 - PLACE 1

If elected, I promise to keep in close touch with the people and to work for the benefit of the district and the entire county.

I pledge to support integrity in government, your views and I will not take personal advantage of this office. I will sincerely appreciate your vote and influence and I will make a special effort to see all the voters in the county prior to the election.

W. T. (Mack) McKINNEY
(Pd. Pol. Adv. by W. T. (Mack) McKinney, Enterprise, Ala.)

FOR COFFEE COUNTY COMMISSIONER DISTRICT 4 - PLACE 1

I would like to take this opportunity to announce that I am a candidate for the office of Coffee County Commissioner for District Four, Place One, and to solicit the vote and influence of every citizen for the county.

As commissioner, I can and will, promise only that my administration will be honest, hard working and to define the emerging new relationship of business to society," he explained.

Another panelist, John R. Bunting, chairman of the First Pennsylvania Banking Corp., Philadelphia said his institution has instituted a "social audit" - to make sure our commitment to social responsibility is put into action." He conceded that this still is in the experimental stage but that it already has proved useful.

JERRY W. MOTLEY
(Pd. Pol. Adv. by Jerry W. Motley, Chancellor Rt. 1)
